INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members
of the Township Committee
Township of Oldmans
County of Salem
Pedricktown, New Jersey

Report on the Financial Statements

We have audited the accompanying statements of assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the Township of Oldmans, County of Salem, State of New Jersey, as of December 31, 2018 and 2017, and the related statements of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis, statement of expenditures - regulatory basis, and statement of general fixed assets group of accounts - regulatory basis for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Township's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

Basis of Adverse Opinion on Accounting Principles Generally Accepted in the United States of America

As described in Note 1 to the financial statements, the financial statements are prepared by the Township on the basis of financial reporting provisions prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and the accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on Accounting Principles Generally Accepted in the United States of America

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on Accounting Principles Generally Accepted in the United States of America" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2018 and 2017, or the results of its operations and changes in fund balance for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to previously present fairly, in all material respects, the assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the Township as of December 31, 2018 and 2017, and the results of its operations and changes in fund balance - regulatory basis of such funds for the years then ended, and the revenues - regulatory basis, expenditures - regulatory basis of the various funds, and general fixed asset group of accounts - regulatory basis, for the year ended December 31, 2018, in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township's basic financial statements. The accompanying supplemental statements and schedules presented for the various funds, as listed in the table of contents, are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and are not a required part of the basic financial statements.

The supplemental statements and schedules are the responsibility of management and were derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental statements and schedules, is fairly stated in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 9, 2019, on our consideration of the Township's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control over financial reporting and compliance.

CERTIFIED PUBLIC ACCOUNTANTS

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Mayor and Members
of the Township Committee
Township of Oldmans
County of Salem
Pedricktown, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey of the Township of Oldmans, County of Salem, State of New Jersey as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements, and have issued our report thereon dated July 9, 2019. That report indicated that the Township's financial statements were not prepared in accordance with accounting principles generally accepted in the United States of America, but were prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Township's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we do not express an opinion of the effectiveness of the Township's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Township's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be a significant deficiencies as item 2010-2.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and which is described in the accompanying schedule of findings and questioned costs as item 2010-2.

Township's Response to Findings

The Township's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The Township's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

This report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and the audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, in considering the Township's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

NOTES TO FINANCIAL STATEMENTS

TOWNSHIP OF OLDMANS
COUNTY OF SALEM
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Township of Oldmans was incorporated in 1881 and is located in the County of Salem in the State of New Jersey. The Township covers approximately 38.1 square miles with a population, according to the 2010 census, of 1,773. The governing body, the Township Committee, is comprised of three elected members who serve three-year terms. The Mayor and Deputy Mayor are elected by the members of the Committee and serve for a one-year term in this office.

Component Units

The Governmental Accounting Standards (GASB) Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, GASB Statement No. 61, *The Financial Reporting Entity: Omnibus* an amendment to GASB Statements No. 14 and No. 39, and GASB Statement No. 80, *Blending Requirements for Certain Component Units* an amendment to GASB Statement No. 14 provides guidance that all entities associated with a primary government are potential component units and should be evaluated for inclusion in the financial reporting entity. A primary government is financially accountable not only for the organizations that make up its legal entity, but also for legally separate organizations that meet the criteria established by GASB Statement No. 14, as amended by GASB Statement No. 39, GASB Statement No. 61 an amendment to GASB Statements No. 14 and 39, and GASB Statement No. 80 an amendment to GASB Statement No. 14. As of December 31, 2018, it has been determined by the Township that no component units exist.

Except as noted below, the financial statements of the Township of Oldmans include every board, body, officer, or commission supported and maintained wholly or in part by funds appropriated by the Township of Oldmans, as required by N.J.S. 40A:5-5.

B. Description of Funds and Account Groups

The accounting policies of the Township of Oldmans conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township of Oldmans accounts for its financial transactions through the following separate funds and accounts as presented below. This presentation differs from the three fund, two account group presentation as required by GAAP.

Current Fund - resources and expenditures for governmental operations of a general nature, including Federal and State grant funds.

Trust Fund - receipts, custodianship, and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund. In addition, the fund is used to track the status of debt authorized for capital projects.

Water Operating Fund - resources and expenditures for water utility operations of a general nature.

Water Capital Fund - receipt and disbursement of funds that provide funds for acquisitions and improvements to certain facilities, other than those acquired in the Water Operating Fund.

General Fixed Assets Account Group - to account for fixed assets used in governmental operations.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the State of New Jersey differ in certain respects from accounting principles generally accepted in the United States of America applicable to local governmental units. A modified accrual basis of accounting is followed with minor exceptions. The more significant policies in New Jersey follow.

Revenues - are recorded when received in cash except for certain amounts which are due from other governmental units. Receipts from Federal and State grants are realized as revenue when anticipated in the Township budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the Township's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Township which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received. Fund balance utilized to balance budget is recorded as revenue and budgeted transfers from other funds are also recorded as revenue when anticipated in the budget.

Expenditures - are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuances of a purchase order in accordance with the Encumbrance Accounting System. Outstanding encumbrances at December 31 are reported as cash liability in the financial statements. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31 of each year and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Budgeted transfers to other funds are recorded as expenditures when the budget is adopted to the extent permitted or required by law. Appropriations for principal payments on outstanding general and utility capital bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis; interest on utility indebtedness is on the accrual basis.

Property Taxes - Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied annually and are payable in quarterly installments on February 1, May 1, August 1, and November 1 of each year. All unpaid taxes levied become delinquent January 1 of the following year. Delinquent taxes are considered fully collectible and therefore no allowance for uncollectible taxes is provided.

Foreclosed Property - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Deferred Charges - The recognition of certain expenditures is deferred to future periods. These expenditures, or deferred charges, are generally overexpenditures of legally adopted budget appropriations or emergency appropriations made in accordance with N.J.S.A. 40A:4-46 et seq. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

Insurance - Costs of insurance for all funds are recorded as expenditures at the time of payment. Insurance costs chargeable to future periods are not carried as prepayments.

Compensated Absences - It is the Township's policy not to compensate its employees for unused sick or vacation time.

COUNTY OF SALEM

For the Year Ended December 31, 2018**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Accounting (Continued)

Inventories of Supplies - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets. The Township did not take a physical inventory of the supplies in the utility fund; therefore, no amount is reported on the utility balance sheet.

General Fixed Assets - The Township has developed a fixed asset accounting and reporting system as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles.

Fixed assets used in governmental operations (general fixed assets) are to be accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks, and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual historical costs is not available, except for land which is valued at assessed value at the time the land is foreclosed or donated. Land purchased by the Township is valued at cost.

No depreciation has been provided for in the financial statements.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

Property and equipment purchased by the Water Utility Fund are recorded in the Water Capital Account at cost and are adjusted for disposals and abandonments. Contributions in aid of construction are not capitalized. The balances in the Reserve for Amortization and Deferred Reserve for Amortization are an accumulation of charges to operations for the costs of acquisitions of property, equipment, and improvements.

Tax Appeals and Other Contingent Losses - Losses which arise from tax appeals and other contingent losses are recognized at the time an unfavorable decision is rendered by an administrative or judicial body.

Budgets - The governing body prepares and approves by resolution an operating and capital budget for the Current Fund and Water Operating Fund which is then submitted for certification to the State of New Jersey, Department of Community Affairs, Director of Local Government Services. Upon the receipt of such certification and after a public hearing, the budget is then adopted by resolution. Transfers of budgeted amounts may be made by resolution of the Township Committee subsequent to October 31 in the current budget year and up to March 31 of the following year.

Once adopted, the Township may make emergency appropriations for purposes which are not known at the time the budget was adopted per N.J.S.A. 40A:4-46. Also, the Township may make amendments to the budget for any special item of revenue made available by any public or private funding source per N.J.S.A. 40A:4-87.

For the Year Ended December 31, 2018**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Accounting (Continued)

Reserve for Uncollected Taxes - The inclusion of the "Reserve for Uncollected Taxes" appropriation in the Township's annual budget protects the Township from taxes not paid currently. The reserve, the minimum amount of which is determined on the percentage of collections experienced in the immediate preceding year, with certain exceptions, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations.

School Taxes - The municipality is responsible for levying, collecting, and remitting school taxes for the Township of Oldmans School District. Operations are charged for the full amount required to be raised from taxation to operate the local school district for the period from January 1 to December 31.

County Taxes - The municipality is responsible for levying, collecting, and remitting county taxes for the County of Salem. Operations is charged for the amount due the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10 of the current year. In addition, operations is charged for the County share of added and omitted taxes certified to the County Board of Taxation by October 10 of the current year and due to be paid to the County by February 15 of the following year.

Fund Balance - Fund balances included in the current fund and utility operating funds represent amounts available for anticipation as revenue in futures years budgets, with certain restrictions.

Capitalization of Interest - It is the policy of the Township of Oldmans to treat interest on projects as a current expense and the interest is included in the current operating budget.

Comparative Data - Comparative total data for the prior year has been presented in the accompanying financial statements in order to provide an understanding of changes in the Township's financial position and operations. However, comparative data has not been presented in each of the statements because its inclusion would make the statements unduly complex and difficult to read.

Use of Estimates - The preparation of financial statements in accordance with accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Departures from Generally Accepted Accounting Principles - The accounting principles and practices followed by the Township of Oldmans differ in some respects, which in some instances may be material, from generally accepted accounting principles applicable to local government units. The more significant differences are as follows:

Taxes and other receivables are fully reserved.

Interfund receivables in the Current Fund are fully reserved and recognized as a revenue in the year of liquidation.

Unexpended and uncommitted appropriations are reflected as expenditures.

Overexpended appropriations and emergency appropriations are deferred to the succeeding years' operations.

No provision is made for accumulated vested vacation and sick leave.

TOWNSHIP OF OLDMANS
COUNTY OF SALEM
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Concluded)

C. Basis of Accounting (Concluded)

Undetermined contributions to state-administered pension plans applicable to the six months ended December 31 are not accrued.

Estimated losses arising from tax appeals and other contingencies are not recorded when it is probable that a loss has been incurred and the amount of such loss can be reasonably estimated.

Depreciation expense is not calculated on fixed assets.

It was not practicable to determine the effect of such differences.

D. Net Pension Liability, Deferred Outflow of Resources, Deferred Inflow of Resources and Expenses Related to Pensions

As previously mentioned, to meet the requirements of the State of New Jersey, the Township follows a basis of accounting other than accounting principles generally accepted in the United States of America. As such, pension expenses for the Public Employees' Retirement System (PERS) are appropriated, recorded, and provided for in the year in which they are contractually required to be paid (pay-as-you-go basis). No accrual is made for net position liability, deferred outflows of resources, and deferred inflows of resources for these cost-sharing multiple-employer defined benefit pension plans, and the financial statements are not reported in accordance with the provisions of GASB Statement No. 68, Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27, and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date - an amendment of GASB Statement No. 68. See Note 11 for required disclosures of these amounts.

E. Other Post-Retirement Benefits

GASB Statement No. 75, Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions. The primary objective of this statement is to improve accounting and financial reporting by state and local governments for post-employment benefits other than pensions (other post-employment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. However, this statement has no effect on the Township's financial statements.

NOTE 2 - INVESTMENTS

As of December 31, 2018 and 2017, the Township did not have any investments.

Interest Rate Risk - The Township does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statute 40A:5-15.1(a) limits the length of time for most investments to 397 days.

Credit Risk - New Jersey Statute 40A:5-15.1(a) limits municipal investments to those specified in the Statutes. The type of allowable investments are bonds of the United States of America, the local unit, or school districts of which the local unit is a part; obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

Concentration of Credit Risk - The Township places no limit on the amount the Township may invest in any one issuer.

TOWNSHIP OF OLDMANS
COUNTY OF SALEM
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

NOTE 3 - CASH AND CASH EQUIVALENTS

Custodial Credit Risk Related to Deposits

Custodial credit risk is the risk that, in the event of a bank failure, the Township's deposits might not be recovered. Although the Township does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000.00 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the Township in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, escrow trust, or funds that may pass to the Township relative to the happening of a future condition. Such funds are shown as uninsured and uncollateralized in the schedule below.

As of December 31, 2018, the Township's bank balances were exposed to custodial credit risk as follows:

Insurance	\$ 575,395.39
Uninsured and collateralized with securities held by pledging financial institutions (GUDPA)	<u>3,968,422.57</u>
	<u>\$ 4,543,817.96</u>

NOTE 4 - INTERFUND RECEIVABLES AND PAYABLES

The following schedule reconciles interfund receivables and payables for the year ended December 31, 2018:

	Due From	Due To					Total Due From			
		Current Fund	Federal and State Grant Fund	Trust Funds Other	General Capital Fund	Water Capital Fund				
Current fund	\$	0.00	\$	0.00	\$	395.44	\$	0.00	\$	766.20

Other trust fund		3,611.49		0.00		0.00		0.00		3,611.49
Water operating fund		32,470.07		130,250.55		0.00		0.00		164,716.06
Water capital fund		99,000.00		0.00		0.00		0.00		99,000.00
Total due to	\$	207,385.08	\$	130,250.55	\$	395.44	\$	16,370.76	\$	356,397.27

The interfund with the grant fund is the result of revenues received prior to year end that were not expended. Interest earnings not transferred at year end are the interfunds for the other trust funds. In addition to this, the escrow trust fund has an interfund with the current fund for prior year balance adjustments. There is also an interfund with the current fund for POAA funds collected but, due to the immaterial amount of the funds, it was deemed a bank account would not be opened yet. The interfund for the capital fund to the current fund is the result of December interest not being transferred before year end. The water capital fund has an interfund with the water operating fund for interest not transferred at the end of the year. The water capital fund borrowed funds from the current fund for cash flow purposes and has not yet returned all the funds borrowed. The Chief Financial Officer transfers most of these interfunds after the audit report is received.

NOTE 10 - BOND ANTICIPATION NOTES

The Township has outstanding at December 31, 2018 and 2017, bond anticipation notes in the general capital fund in the amount of \$480,000.00 and \$720,000.00, respectively. The December 31, 2018 amount payable to Pennsville National Bank is \$480,000.00, bears an interest rate of 1.97% and matures on May 13, 2019. These funds were for the construction of the new municipal complex.

NOTE 11 - PENSION PLAN

A substantial number of the Township's employees participate in the following defined benefit pension plan: the Public Employees' Retirement System (PERS), which is administered by the New Jersey Division of Pensions and Benefits. The plan has a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes the financial statements and required supplementary information. That report may be obtained by writing to the State of New Jersey, Division of Pensions and Benefits, Post Office Box 295, Trenton, New Jersey 08625-0295, <http://www.state.nj.us/treasury/pensions>.

General Information About the Pension Plan

Plan Description

Public Employees' Retirement System

The Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan which was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A. The PERS's designated purpose is to provide retirement, death, disability, and medical benefits to certain qualified members. Membership in the PERS is mandatory for substantially all full-time employees of the Township, provided the employee is not required to be a member of another state-administered retirement system or other state pension fund or local jurisdiction's pension fund. The PERS's Board of Trustees is primarily responsible for the administration of the PERS.

Vesting and Benefit Provisions

Public Employees' Retirement System

The vesting and benefit provisions are set by N.J.S.A. 43:15A and 43:3B. PERS provides retirement, death, and disability benefits. All benefits vest after 10 years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS.

The following represents the membership tiers for PERS:

Tier 1 - Members who were enrolled prior to July 1, 2007

Tier 2 - Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008

Tier 3 - Members who were eligible to enroll on or after November 2, 2008 and prior to May 21, 2010

Tier 4 - Members who were eligible to enroll after May 21, 2010 and prior to June 28, 2011

Tier 5 - Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 before age 62 with 25 or more years of service credit, and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not yet reached the service retirement age for the respective tier.

General Information About the Pension Plan (Concluded)

Contributions

Public Employees' Retirement System

The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Members contribute at a uniform rate. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years beginning in July 2012. The member contribution rate was 7.5% in State fiscal year 2018. The phase-in of the additional incremental member contribution rate takes place in July of each subsequent State fiscal year. The rate for members who are eligible for the Prosecutors Part of PERS (Chapter 366, P.L. 2001) was 10.00% in State fiscal year 2018. Employers' contribution amounts are based on an actuarially determined rate. The Township's contribution amounts are based on an actuarially determined rate which included the normal cost and unfunded accrued liability.

The Township's contractually required contribution rate for the year ended December 31, 2018 was 8.57% of the Township's covered-employee payroll. This amount was actuarially determined as the amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, including an additional amount to finance any unfunded accrued liability.

Based on the most recent PERS measurement date of June 30, 2018, the Township's contractually required contribution to the pension plan for the year ended December 31, 2018 was \$18,653.00, which was paid on April 1, 2019. No liability has been accrued in the financial statements for this amount. Based on the PERS measurement date of June 30, 2017, the Township's contractually required contribution to the pension plan for the year ended December 31, 2017 was \$17,004.00, which was paid on April 1, 2018. Employee contributions to the plan during the year ended December 31, 2018 were \$18,845.02.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension

Public Employees' Retirement System

At December 31, 2018, the Township's proportionate share of the PERS net pension liability was \$369,234.00. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2018. The Township's proportion of the net pension liability was based on a projection of the Township's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2018, which was the measurement date, the Township's proportion was 0.0000187528% which was an increase of 0.0000397743% from its proportion measured as of June 30, 2017.

As previously mentioned, for the year ended December 31, 2018, the Township's contributions to the PERS were \$18,653.00 and were paid on April 1, 2019.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension (Continued)

Public Employees' Retirement System (Continued)

At December 31, 2018, the Township had deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Outflow Of Resources	Deferred Inflow Of Resources
Differences between expected and actual experience	\$ 7,041.00	\$ 1,904.00
Changes of assumptions	60,844.00	118,061.00

Township contributions subsequent to the measurement date	18,653.00	-
	\$ 100,381.00	\$ 186,372.00

\$18,653.00 included in deferred outflows of resources related to pensions will be included as a reduction of the net pension liability in the year ending December 31, 2019. These amounts were based on an estimated April 1, 2020 contractually required contribution, prorated from the pension plan's measurement date of June 30, 2018 to the Township's year end of December 31, 2018.

Actuarial Assumptions

Public Employees' Retirement System

The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation dated to the measurement date of June 30, 2018. This actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary increases:	
Through 2026	1.65% - 4.15% based on age
Thereafter	2.65% - 5.15% based on age
Investment rate of return	7.00%
Mortality rate table	RP-2000
Period of actuarial experience study upon which actuarial assumptions were based	July 1, 2011 - June 30, 2014

Pre-retirement mortality rates were based on the RP-2000 Employee Pre-Retirement Mortality Table for male and female active participants. For State employees, mortality tables are setback 4 years for males and females. For Local employees, mortality tables are setback 2 years for males and 7 years for females. In addition, the tables provide the future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Post-retirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for males and females) for service retirement and beneficiaries of former members and a 1 year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based the plan actuary's modified MP-2014 projection scale. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2018) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pension and Benefits, the board of trustees, and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of returns for each major asset class included in target asset allocation as of June 30, 2018, the plans' measurement dates, are summarized in the following table:

Discount Rate

The discount rate used to measure the total pension liability was 5.66% and 5.00% as of June 30, 2018 and 2017, respectively. These single blended discount rates were based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.87% and 3.58% as of June 30, 2018 and 2017, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rates assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the non-employer contributing entity will be made based on the contribution rate in the most recent fiscal year. The State employer contributed 50% of the actuarially determined contributions and the local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2040. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2040, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

NOTE 14 - DEFERRED CHARGES TO BE RAISED IN SUCCEEDING BUDGETS

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2018, the following deferred charges are shown on the balance sheets of the various funds:

	Balance December 31, 2018		2019 Budget		Balance To Succeeding Budgets
Water Utility Fund:					
Deficit in operations	\$ 618.54	\$	618.54	\$	-

The appropriations in the 2019 budget are not less than those required by statute.

NOTE 15 - RISK MANAGEMENT

The Township is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Township maintains commercial insurance coverage for property, liability, and surety bonds.

The Fund provides the Township with the following coverage:

- General Liability Policy
- Property Policy
- Automobile Policy
- Crime Policy and Excess Crime Policy
- Boiler and Machinery Policy
- Workers' Compensation and Excess Workers Compensation Policy
- Public Officials and Employment Liability Policy

Contributions to the Fund, are payable in an annual premium and is based on actuarial assumptions determined by the Fund's actuary. The Township's agreement with the Fund provides that the Fund will be self-sustaining through member premiums and will reinsure through the Municipal Excess Liability Joint Insurance Fund for claims in excess of \$50,000.00 to \$250,000.00 based on the line of coverage for each insured event.

The fund publishes its own financial report for the year ended December 31, 2018, which can be obtained from:

Gloucester, Salem, Cumberland Counties Municipal Joint Insurance Fund
Post Office Box 488
Marlton, New Jersey 08053

NOTE 16 - LITIGATION

It is the Township of Oldmans' Counsel's opinion there exists no litigation or contingent liability that may be pending against the Township of Oldmans that would have an adverse effect on the financial position in the future.

COUNTY OF SALEM
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018**

NOTE 17 - CAMP PEDRICKTOWN

In October 2014, the Township resumed ownership of the property known as Camp Pedricktown through a judgement from the Superior Court of New Jersey, Chancery Division, Salem.

Salem County Community College purchased a portion of the property to use as educational facilities from the Township. The Township is exploring development opportunities for the balance of the property.

NOTE 18 - LENGTH OF SERVICE AWARD PROGRAM

The Township's Length of Service Awards Program (LOSAP) was created by a Township Ordinance adopted on August 2, 2000 pursuant to Section 457 (e)(11)(13) of the Internal Service Code of 1986, as amended, except for provisions added by reason of the Length of Service Award Program as enacted into federal law in 1997. The voters of the Township of Oldmans approved the adoption of the LOSAP at the general election on November 7, 2000, and the first year of eligibility for entrance into the LOSAP by qualified volunteers was calendar year 2002. The LOSAP provides tax deferred income benefits to active volunteer firefighters and emergency medical personnel.

Amounts deferred under Section 457 plans must be held in trust for the exclusive benefit of participating employees and not be accessible by the Township or its creditors. Since the Township does not have a fiduciary relationship with the LOSAP, the balances and activities of the LOSAP are not reported in the Township's financial statements. The LOSAP is handled through the Lincoln Financial Group.

NOTE 19 - JOINT MUNICIPAL COURT

The Township is a member of the Mid-Salem County Municipal Court which includes the Borough of Woodstown, Borough of Elmer, Township of Mannington, Township of Quinton, and the Township of Oldmans. The Borough of Woodstown serves as the lead agency for the joint municipal court. All fines and costs are distributed to the municipality in which the complaint, charge, event, acts, or violation occurred. Each municipality includes a line item in their annual budget to cover their share of the court's administration expenses.

NOTE 20 - SUBSEQUENT EVENTS

Subsequent events were evaluated through July 9, 2019, which is the date that the financial statements were available to be issued.

TOWNSHIP OF OLDMANS

LETTER OF COMMENTS AND RECOMMENDATIONS

For the Year Ended December 31, 2018

GENERAL COMMENTS

Contracts and Agreements Required to be Advertised per N.J.S. 40A:11-4

N.J.S. 40A:11-4 states, "Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the costs or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials, or supplies shall be undertaken, acquired, or furnished for a sum exceeding in the aggregate \$17,500.00, except by contract or agreement".

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed Bidding Requirements within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

The minutes indicated that the following bids were requested by public advertising for the year under audit:

- Trash and recycling collection
- Water main improvement
- Paving of Lerro Road

N.J.S. 40A:11-5 provides for exceptions to the above-mentioned statutory bidding requirements for various stipulated areas of expenditures. Included in these areas of exception are all professional services which include but are not limited to solicitors, engineers, land surveyors, and accountants. However, in lieu of requiring formal bidding procedures for these categories of expenditures, in awarding contracts to fill these positions, certain other statutory requirements must be adhered to by the governing body. These requirements include the following stipulation (N.J.S. 40A:11-5 (l) (a) (i)):

"The governing body shall in each instance state supporting reasons for its action in the resolution awarding each contract and shall forthwith cause to be printed once, in a newspaper authorized by law to publish its legal advertisements, a brief notice stating the nature, duration, service, and amount of the contract, and that the resolution and contract are on file..."

My examination indicated that the Township complied with this requirement during 2018.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

My examination of expenditures did not reveal any individual payments, contracts, or agreements in excess of \$17,500.00 "for the performance of any work or the furnishing or hiring of any materials or supplies," other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S. 40A:11-6.

Contracts or Agreements Not Required to be Advertised in Accordance with N.J.S. 40A:11-6.1

N.J.S. 40A:11-6.1 states, "Except contracts which require the performance of professional services, all contracts or agreements which do not require public advertising for bids and the estimated cost or price exceeds \$2,625.00, at least three quotations as to the cost or price, whenever practicable, shall be solicited by the contracting agent, and the contract agreement shall be made with and awarded to the lowest responsible bidder."

Our audit indicated that, for individual payments, contracts, or agreements made "for the performance of any work or the furnishing or hiring of any materials or supplies" in excess of \$2,625.00, there was documentation that solicitation for quotations was done in accordance with the provisions of N.J.S. 40A:11-6.1.

A test check of paid vouchers was made and each voucher, upon proper approval, was considered as a separate and individual contract unless the records disclosed it to be a part payment or estimate.

Business registration certificates were on file for the required purchases.

Collection of Interest on Delinquent Taxes and Assessments

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 3, 2018, adopted the following resolution authorizing interest to be charged on delinquent taxes:

BE IT RESOLVED, by the Township Committee of the Township of Oldmans, County of Salem, and State of New Jersey, that the rate of interest to be collected on delinquent taxes for the year 2016 shall be 8% per annum on any amount up to an including \$1,500.00 of delinquency said 18% per annum on any amount in excess of \$1,500.00 and interest to be collectable on all taxes not paid within ten (10) days after the date upon which the same shall become payable for each quarter (which dates are the first day of February, May, August, and November). Taxes paid after said time shall bear interest from the due date.

BE IT FURTHER RESOLVED, that the Township wishes to implement N.J.S.A. 54:4-67 and hereby authorizes the imposition of an additional penalty as follows: balance of \$10,000.00, penalty 6%.

It appears from an examination of the Collector's records that interest was calculated and/or collected at all times in accordance with the foregoing resolution.

Delinquent Taxes and Tax Title Liens

The last tax sale was held on June 29, 2018, and was complete.

Inspection of tax sale certificates revealed that all were on file and available for audit.

The following comparison is made of the number of tax title liens receivable on December 31, of the last three years:

<u>Year</u>	<u>Number Of Liens</u>
2018	11
2017	11
2016	11

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a taxpaying basis.

OTHER COMMENTS

Chief Financial Officer

N.J.A.C. 5:30-5.6 requires that a fixed asset accounting and reporting system be implemented and maintained. The Township completed an appraisal of all its fixed assets on December 31, 2014, and a fixed asset accounting system based on this appraisal has been implemented.

N.J.A.C. 5:30-5.7 mandates that a general ledger system be utilized for proper accounting. For the year under review, a general ledger was maintained. However, the Treasurer only makes cash entries to the general ledger. The Treasurer should make non-cash adjustments as well to the general ledger. A new financial software system was implemented in early 2013 to help with this process. The new Chief Financial Officer is striving to fully implement that general ledger system in 2019.

A review of the balance sheets of the various funds shows that there are interfund accounts that should be cleared by appropriate action.

Internal Control

The limited number of personnel employed in handling cash receipts transactions makes any formal system of internal control impracticable. Compliance with the statutes relating to the expenditures of funds provides a high degree of internal control to cash disbursements transactions.

Payroll Fund

The examination of the Payroll Fund did include a sampling of the detailed computation of various deductions from the payroll of the Township employees and did ascertain that the accumulated withholdings were disbursed to the proper agencies.

Municipal Court

The Township is a member of the Mid-Salem County Municipal court. The records are audited by the lead agency's auditor and subsequently, the municipal court report will be filed by them.

Construction Code Official

A test of the expenditures of the construction code fees was done as required by N.J.A.C. 5:23-4.17(b)3. All fees collected pursuant to the municipality's fee schedule were appropriated in accordance with the requirements of the Uniform Construction Code Act and the Local Budget Law which were applied solely to meet the municipal costs of enforcing those regulations as specified by N.J.A.C. 5:23-4.17(c)2.

The uniform construction code annual report was prepared by the Chief Financial Officer and was in agreement with receipts recorded in the Construction Code Official's records.
